

SHOW DISTRIBUTORS WHAT MAKES YOU DIFFERENT

Use ESP's video to show visitors the unique features of your products.

Now you have the chance to tell *and* show distributors shopping on ESP® how to use your products and what makes them stand apart from competitors' products. Prominently display a video about your product on the Product Detail page on ESP. Demonstrate the added value of an item, its special features and what makes it unique. **Product videos** are also an opportunity to educate distributors on how to sell your products – which also increases your credibility.

Pricing is just \$50 per video.
